in a bold argument marilyn lake shows that race and reform were mutually supportive as progressivism became the political logic of settler colonialism at the turn of the 20th century she points to exchanges between american and australasian reformers who shared racial sensibilities along with a commitment to forging an ideal social order

through interdisciplinary and multidisciplinary perspectives and with an emphasis on exploring patterns as well as distinct and unique conditions across the globe this collection examines advanced and cutting edge theoretical and methodological approaches to the study of the health of urban populations despite the growing interest in global urban health there are limited resources available that provide an extensive and advanced exploration into the health of urban populations in a transnational context this volume offers a high quality and comprehensive examination of global urban health issues by leading urban health scholars from around the world the book brings together a multi disciplinary perspective on urban health with chapter contributions emphasizing disciplines in the social sciences construction sciences and medical

sciences the co editors of the collection come from a number of different disciplinary backgrounds that have been at the forefront of urban health research including public health epidemiology geography city planning and urban design the book is intended to be a reference in global urban health for research libraries and faculty collections it will also be appropriate as a text for university class adoption in upper division under graduate courses and above the proposed volume is extensive and offers enough breadth and depth to enable it to be used for courses emphasizing a u s or wider western perspective as well as courses on urban health emphasizing a global context

would you like to do your part in saving america grass roots is a no nonsense instruction manual that explains exactly what you can do scott hennen host and founder of the innovative common sense club radio program shows how everyday americans just like you are making a difference for our country s future this down to earth handbook gives you clear practical effective actions you can take to preserve the american dream for your children and grandchildren president ronald reagan once said all great change in america begins at the dinner table today most americans struggle just to keep food on the dinner table we are staggering under a crushing burden of big government out of control spending and towering federal debt we have become tax slaves and the people we sent to washington to represent us are the very ones who sold us there we re angry and rightly so but ruling class politicians have shrugged off our grassroots anger calling it astroturf we re tired of being ignored patronized and lied to by the very people who are supposed to be our public servants not since the original boston tea party of 1773 have so many everyday americans participated in such a significant display of righteous indignation and freedom loving patriotism for the first time in generations ordinary hardworking church going americans are carrying signs gathering in large numbers and making their voices heard big government beware a sleeping giant has awakened scott hennen has drawn up a practical blueprint for change a handbook for all of us who are ready to roll up our sleeves and do our part to restore america s goodness and greatness grass roots is a political manifesto for every american who loves liberty and cares enough to get involved

this book is the first social epidemiological study of covid 19 spread in new york city nyc the primary epicenter of the united states new york city spread covid 19 throughout the united states the context of epicenter formation determined the rapid extreme rise of nyc case and mortality rates decades of public policies destructive of poor neighborhoods of color heavily determined the spread within the city premature mortality rates revealed the weathering of policy targeted

communities accelerated aging due to chronic stress covid attacks the elderly more severely than those under the age of 60 communities with high proportions of prematurely aged residents proved fertile ground for covid illness and mortality the very public policies that created swaths of white wealth across much of manhattan and parts of brooklyn destroyed the human diversity needed to ride out crises topics covered within the chapters include premature death rate geography in new york city implications for covid 19 nyc covid markers at the zip code level prospero s new castles covid infection and premature mortality in the ny metro region pandemic firefighting vs pandemic fire prevention conclusion scales of time in disasters an exemplary study in health disparities covid 19 in new york city an ecology of race and class oppression is essential reading for social epidemiologists public health researchers of health disparities those in public service tasked with addressing these problems and infectious disease scientists who focus on spread in human populations of new zoonotic diseases the brief also should appeal to students in these fields civil rights scholars science writers medical anthropologists and sociologists medical and public health historians public health economists and public policy scientists

in american politics at least since the civil war the great philosophical divide is between progressives and founders of the american regime the quarrel has come to be defined in the media as a contest between liberals and conservatives this book explores the ideological underpinnings of american progressivism in doing so it examines the foundations of modern liberalism and conservatism the fundamental problem of any science of politics is to explain however imperfectly the sources of justice and injustice in politics what are the self evident truths that inform and drive the public debates over time the foundational arguments for justice and injustice what people regard as self evident truths do change this process of change is at the heart of progressivism the original arguments of the progressive movement are obscured or largely forgotten in contemporary political debates but in a myriad of ways the original progressive arguments continue to reverberate they need to be more fully explored and understood in order to seriously engage the differences between liberals and conservatives such differences are not likely to be overcome simply by a study of the roots of progressivism but it is a first step in a more rational debate which this book will inspire

the america of the modern administrative state is not the america of the original constitution this transformation comes not only from the ordinary course of historical change and development but also from a radical new philosophy of government that was imported into the american political tradition by the progressives of the late nineteenth century the new thinking about the principles of government and open hostility to the american constitution led to a host of concrete changes in american political institutions our government today reflects these original progressive innovations even if they are often unrecognized as such because they have become ingrained in american political culture this book shows the nature of these changes both in principles and in the nuts and bolts of governing it also shows how progressivism was often at the root of critical developments subsequent to the progressive era in more recent american political history how it was different than the new deal the liberalism of the 1960s and today s liberalism but also how these subsequent developments could not have transpired without the ground laid by the original progressives

in american politics at least since the civil war the great philosophical divide is between progressives and founders of the american regime the quarrel has come to be defined in the media as a contest between liberals and conservatives this book explores the ideological underpinnings of american progressivism in doing so it examines the foundations of modern liberalism and conservatism the fundamental problem of any science of politics is to explain however imperfectly the sources of justice and injustice in politics what are the self evident truths that inform and drive the public debates over time the foundational arguments for justice and injustice what people regard as self evident truths do change this process of change is at the heart of progressivism the original arguments of the progressive movement are obscured or largely forgotten in contemporary political debates but in a myriad of ways the original progressive arguments continue to reverberate they need to be more fully explored and understood in order to seriously engage the differences between liberals and conservatives such differences are not likely to be overcome simply by a study of the roots of progressivism but it is a first step in a more rational debate which this book will inspire

american progressivism is a one volume edition of some of the most important essays speeches and book excerpts from the leading figures of national progressivism it is designed for classroom use includes an accessible interpretive essay and introduces each selection with a brief historical and conceptual background the introductory essay is written with the student in mind and addresses the important characteristics of progressive thought and the role of progressives in the development of the american political tradition students of american political thought american politics american history the presidency congress and political parties will find this reader to be an invaluable source for insight into progressivism

through a variety of primary sources including speeches poems magazine articles and book excerpts this collection illustrates the origins ambitions and political legacy of the american progressivism movement 1886 1924 a general introduction offers a history of the movement and a brief discussion of recent historiographical debates headnotes introduce each selection and provide historical and political context

the progressive era from the 1890s to the 1920s was one of the most important periods in american social political and economic history during this time the united states saw a great change in the role of government particularly in terms of its involvement in the regulation of business and industry this era has often been characterized as the first period in which government power was increased for largely egalitarian reasons however many have argued the opposite case that the legislation was designed by industry to serve its own purposes in america reformed progressives and progressivisms 1890s 1920s author maureen a flanagan introduces progressivism less as a straightforward history of actual reforms than as a revision of the ways in which americans organized themselves to confront the problems of their society she examines how this reorganization in turn drew americans into a new type of relationship with the federal government drawing on the most up to date scholarship flanagan explores what democracy meant to various citizens and emphasizes the social justice movement as an integral aspect of progressive reforms organized around four thematic lines of progressivism political social justice economic and foreign policy the book analyzes the various ideas actors and movements that

constituted the timeperiod by incorporating coverage of how women african americans and ethnic and working class organizations participated in progressive reform movements flanagan reveals how the reform struggles of the period all revolved around defining the nature and purpose of u s democracy ideal for undergraduate courses in the u s progressive era and the gilded age progressive era america reformed features documents maps and illustrations throughout as well as anecdotes of historical events to introduce each chapter the text also includes references to scholarly websites of original source material

now in its second edition america in the progressive era 1890 1917 provides a readable analytical narrative of the emergence influence and decline of the spirit of progressive reform that animated american politics and culture around the turn of the twentieth century covering the turbulent 1890s to the american entry into world war i the text examines the political social and cultural events of a period which set the agenda for american public life during the remainder of the twentieth century this new edition places progressivism in a transatlantic context and gives more attention to voices outside the mainstream of party politics key features include a clear account of the continuing debate in the united states over the role of government citizenship and the pursuit of social justice a full examination of the impact of reform on women and minorities a rich selection of documents that allow the historical actors to communicate with today s readers an extensive updated bibliography providing a valuable guide to additional reading and research based on the most recent scholarship and written to be read by students this book will be of interest to students of american history and political history

a bold political analysis that should inspire public life kirkus reviews seizing the quintessentially american idea that everything is possible unger and west argue that we can stimulate economic growth and guarantee opportunity and sufficient resources for all citizens they propose specific reforms in business taxation so cial security and education and their program is an image of american political and civic life as a vital evolving and hopeful arena for solving our collective problems theirs is an all inclusive bipartisan business friendly vision a thin volume packed with solutions to our nation s inequities ebony

at its core this book is intellectual history tracing the work of progressive historians as they in turn wrote the history of progressivism in progressivism the strange history of a radical idea bradley c s watson presents an intellectual history of american progressivism as a philosophical political phenomenon focusing on how and with what consequences the academic discipline of history came to accept and propagate it this book offers a meticulously detailed historiography and critique of the insularity and biases of academic culture it shows how the first scholarly interpreters of progressivism were in large measure also its intellectual architects and later interpreters were in deep sympathy with their premises and conclusions too many scholarly treatments of the progressive synthesis were products of it or at least were insufficiently mindful of two central facts the hostility of progressive theory to the founders constitution and the tension between progressive theory and the realm of the private including even conscience itself the constitutional and religious dimensions of progressive thought and in particular the relationship between the two remained hidden for much of the twentieth century this pathbreaking volume reveals how and why this scholarly obfuscation occurred the book will interest students and

scholars of american political thought the progressive era and historiography and it will be a useful reference work for anyone in history law and political science

now in its second edition *America in the Progressive Era 1890-1917* provides a readable analytical narrative of the emergence influence and decline of the spirit of progressive reform that animated american politics and culture around the turn of the twentieth century covering the turbulent 1890s to the american entry into world war i the text examines the political social and cultural events of a period which set the agenda for american public life during the remainder of the twentieth century this new edition places progressivism in a transatlantic context and gives more attention to voices outside the mainstream of party politics key features include a clear account of the continuing debate in the united states over the role of government citizenship and the pursuit of social justice a full examination of the impact of reform on women and minorities a rich selection of documents that allow the historical actors to communicate with today s readers an extensive updated bibliography providing a valuable guide to additional reading and research based on the most recent scholarship and written to be read by students this book will be of interest to students of american history and political history

eisenach s selection of primary sources illustrates the origins ambitions and political legacy of the american progressivism movement 1844-1932 while his introduction offers a history of the movement and a brief discussion of recent historiographical debates

covering the turbulent 1890s and the era of theodore roosevelt and woodrow wilson this new next provides a readable analytical narrative of the emergence influence and decline of the spirit of progressive reform that animated american politics and culture around the turn of the twentieth century

this book details the origins of american progressivism and its enduring effects on american politics and constitutionalism in the twenty first century
